ANNEX

Background

1. At its resumed forty-fifth session, the General Assembly, in the annex to its resolution 45/264 of 13 May 1991, agreed that a review of the functioning of the subsidiary bodies of the Economic and Social Council and of the General Assembly should take place during the forty-sixth session of the Assembly. In the same resolution, the Assembly underlined the objectives of the overall exercise as being the enhancement of the effective and efficient functioning of the intergovernmental machinery of the United Nations system in the economic, social and related fields in order to be more responsive to the needs of enhancing international economic cooperation and promoting the development of the developing countries.

/...

2. The review at the forty-sixth session of the General Assembly of the subsidiary bodies of the Economic and Social Council and the General Assembly should be carried out with the objective of possible restructuring and revitalization, and the review of their reporting responsibilities and procedures should be carried out with a view to avoiding duplication, where possible. The review should be on the basis of the criteria listed in paragraph 6 (3) of the annex to resolution 45/264.

Framework

3. Some consideration has been given to the restructuring and revitalization of the subsidiary machinery in the social and related fields in the United Nations. Similar attention should be given to the restructuring and revitalization of the subsidiary machinery of the economic sector of the United Nations, with a view to its strengthening.

4. In accordance with the basic principles and guidelines for the restructuring and revitalization of the United Nations in the economic, social and related fields outlined in resolution 45/264, the following common understanding should guide the entire exercise of the restructuring and revitalization of the subsidiary bodies, with the aim of adopting measures to sustain and strengthen the quality and impact of the output of these bodies:

(a) The issues of which the subsidiary bodies are seized are of vital importance to Member States, especially for the development of developing countries;

(b) The ability of the United Nations system to deal more effectively with such vital issues should help to enhance its relevance and credibility in the economic, social and related fields;

(c) Activities in pursuance of these issues must be implemented in an effective and efficient manner in order to enhance international economic cooperation and to promote, in particular, the development of developing countries;

(d) Subsidiary bodies should provide the General Assembly and the Economic and Social Council, as principal organs of the United Nations responsible for system-wide policies in the economic, social and related fields, with high quality advice on relevant issues, through analysis and appropriate policy recommendations or options, in order to enable them to guide future work in the United Nations, develop common policies and agree on appropriate actions;

(e) The composition of each subsidiary body that does not have universal participation must be determined with due regard to equitable geographical representation. Members will be eligible for re-election;

(f) In cases where Governments or government-nominated experts are elected to subsidiary bodies, the experts should possess the necessary qualifications and professional or scientific knowledge. Travel and/or daily subsistence allowance to cover the participation of experts shall be financed from the regular budget in accordance with established rules;

(g) No single or uniform approach to restructuring and revitalization is applicable to all subsidiary bodies. Each body must be reviewed on its own merits through an open and thorough process.

Reporting procedures for subsidiary bodies

The Economic and Social Council should provide guidance to and follow up the work of its subsidiary bodies whose reports should contain clear and cogent recommendations and proposals to facilitate their consideration by a revitalized Economic and Social Council in a substantive and integrated manner.

46/239. Emergency assistance to Nicaragua following the eruption of the Cerro Negro volcano

The General Assembly,

Recalling its resolutions 43/131 of 8 December 1988 and 45/100 of 14 December 1990 concerning humanitarian assistance to victims of natural disasters and similar emergency situations,

Deeply concerned about the serious consequences of the eruption of the Cerro Negro volcano in Nicaragua, which has given rise to an emergency situation in the affected areas, and about the urgent need to restore normal conditions for the population,

Recognizing that the great efforts that the Government of Nicaragua is making to promote economic and social development and the process of national reconciliation have been hampered by this natural disaster,

Considering the generous assistance that has been provided by the United Nations system, and by some States, to alleviate this emergency situation in Nicaragua,

1. Requests the Secretary-General, to the extent of his authority, to support the rehabilitation efforts that are being made by the Government of Nicaragua in the affected areas;

2. Invites Member States, international financial institutions, organizations, programmes and specialized agencies of the United Nations system to continue to contribute and to respond generously for the duration of the emergency and of the rehabilitation process in Nicaragua.
